THE LINQ

A COMMUNITY BUILT FOR INNOVATION

WE ARE BUILDING A
CUTTING-EDGE
COLLECTIVE
FOR THE
VISIONARIES OF
THE FUTURE.

A NEXT-GEN NEXUS

where industry leading **businesses, talent and community** converge to develop the technologies and ideas of tomorrow.

Built in partnership with the City of Mansfield, The LinQ is a new innovation and development district bringing leaders in life science, research & development, and manufacturing together into one dynamic community.

With opportunities ranging from start-up lab desks in the Mansfield Innovation Community (the MIC), to full-scale corporate campus developments, The LinQ corridor offers your business premium access to

A HOLISTIC ECOSYSTEM.

One that connects your team to **advanced resources** and a **collaborative community** of industry partners that span all levels of the innovation pipeline, and primed to serve as a **catalyst for ideas** and a **catapult for agile innovation**.

WITH

to create a **training ground for talent**, connecting the region's top universities to the world's most innovative players in science, technology, business and manufacturing.

A PRIME LOCATION

A World Within Reach

Located 25 miles southwest of Downtown Dallas, Mansfield is uniquely located to allow your business direct connection to the benefits of America's fastest growing metropolitan area, while offering employees and families the wholesome benefits of a small town Texas lifestyle.

Global Reach

Positioned to perform, The LinQ is located next to the third largest metropolitan area in the US, just south of one of the world's largest airports.

Nationally Centered

Centrally located on the continent, The LinQ sits in the center of Texas' tech and science boom, offering an affordable, safe, and accessible home base.

Local Standout

The first, dynamic, civic-backed innovation district south of the metroplex that offers access to a robust residential, lifestyle core and entertainment district.

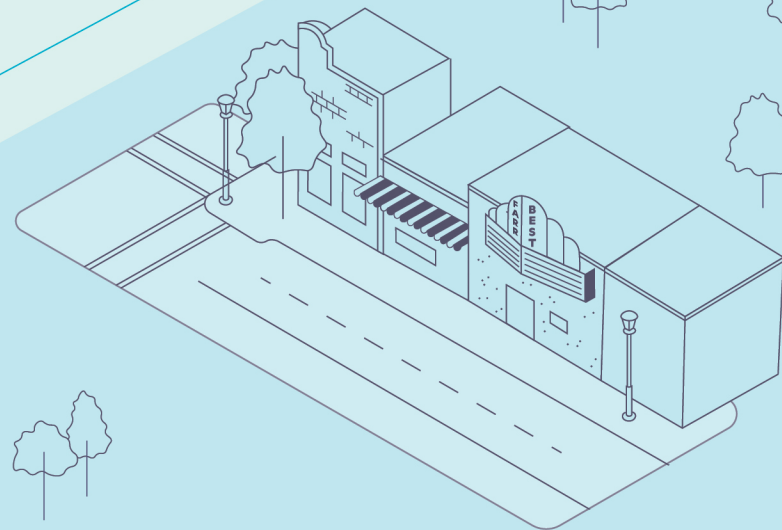

FUTURE FORWARD MANSFIELD

The LinQ is one part of a forward-looking vision for the City of Mansfield.

A diverse set of lifestyle, economic and entertainment initiatives, this plan is poised to elevate the Mansfield community to be amongst the most desirable locales to live and work in the DFW metroplex, preserving its charm as a prime example of small town Texas living, while simultaneously leading the City into a prosperous new future.

Historic Downtown • Redevelopment

Bringing new entertainment and food and beverage options to one of North Texas' most iconic charming downtown areas.

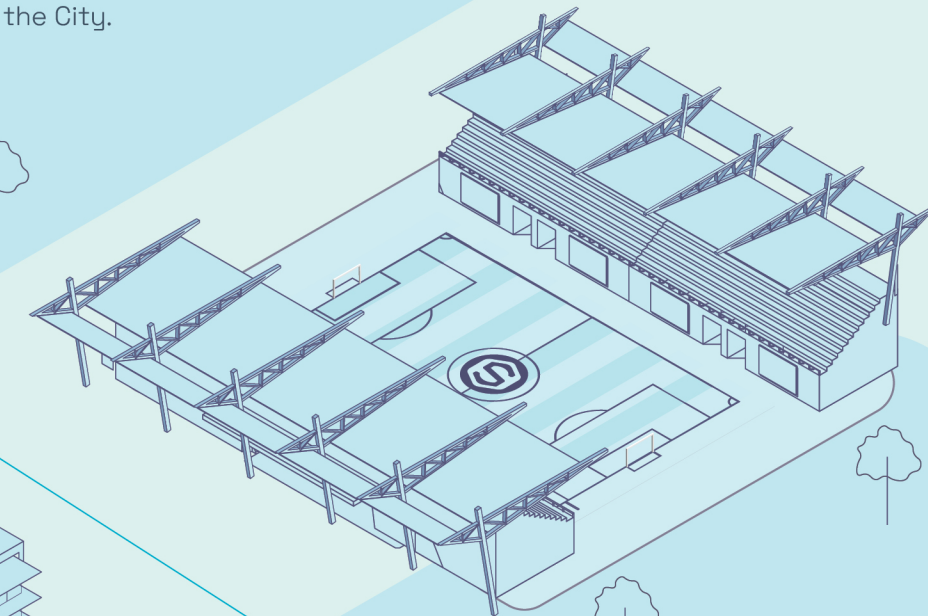

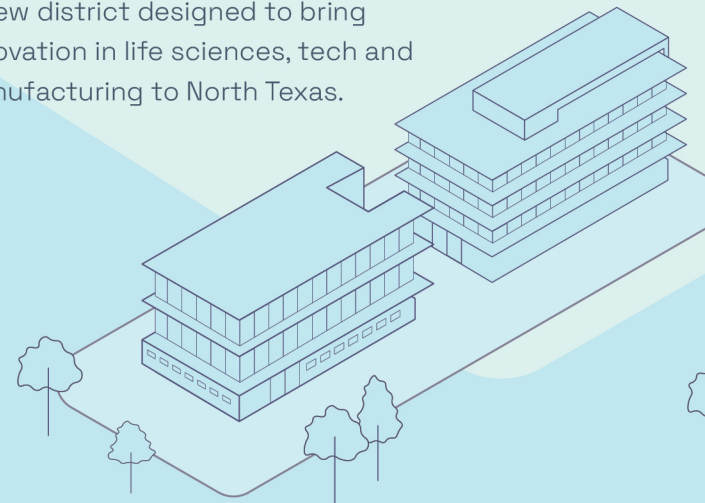

The Canals

Adjacent to The LinQ, The Canals at Mansfield will bring the best in boutique brands, crafted eats, and contemporary urban living to a new civic hub for the City.

THE LINQ

A new district designed to bring innovation in life sciences, tech and manufacturing to North Texas.

STAYBOLT STREET

A sports-centric entertainment destination designed to bring food and fun to the friends and family of Mansfield.
